# AGENDA

CONVERSATION STARTERS FOR THE MONTH AHEAD

## United colours of design

The futuristic, otherworldly buildings of Dubai Design District (d3) will be filled with talent from the region and the rest of the world this month as Dubai Design Week returns for its second edition. More than 100 events will fill every corner of d3 with more events stretching into other areas of Dubai. Downtown Design is a good place to start with a stimulating collection of furniture, lighting, bathrooms, kitchens and textiles from 25 countries.
